

Growing Solutions Ltd

GS Sett Enhanced

Product

GS Sett Enhanced is designed for application to grass, lawns and turf.

GS Sett Enhanced is formulated to help prevent stress.

Treatments

- GS Sett Enhanced increases Calcium within the leaf without altering the pH of the soil.
- GS Sett Enhanced helps to fixate Calcium in the cell walls to improve turgidity.
- GS Sett Enhanced contains a powerful bio stimulant to help promote rooting.

Application Rates & Timing

Dilute 10 - 20litres of GS Sett Enhanced in 300litres of water per hectare.

Apply when signs of stress are visible.

For best results apply when turf is actively growing. During hot weather spray early morning or evening, mid-day sprays may not be as effective because of excessive moisture evaporation. Apply once a month all year round. It can be applied in all weather conditions except when there is frost or snow on the ground.

GS Sett Enhanced is compatible with all Growing Solutions products and can be tank mixed together.

10 Key Benefits

- Very quick and effective results.
- Increases Calcium in the leaf.
- Helps to fixate Calcium in the cell walls.
- Improves turgidity.
- Promotes greater rooting to depth.
